

Toolkit: Six Sigma

*Improve performance,
reduce variation and
deliver sustainable
measurable benefits*

Establishing what's needed for Six Sigma success; selecting, prioritising and delivering the right improvement projects

Whether it's: Yellow, Green, or Black Belt Certification, sponsor training, coaching people to deliver successful projects, using statistical tools for analysis or a combination of these you're looking for, you're in safe hands.

We utilise a range of proven approaches, including:

- DMAIC (Define, Measure, Analyse, Improve, Control)
- recognised as a world-class approach to improving processes and solving problems
- Disciplined project management

to provide a powerful structured approach that will drive sustainable process improvement.

What Matters Most?

Identifying and maintaining focus on What Matters Most to your organisation is a precursor of success

Benefits

Our tailored programmes will enable you to deliver:

- ✓ Sustainable cost savings
- ✓ Improvement in customer and employee satisfaction
- ✓ Increased quality and reliability
- ✓ Improved capacity and output
- ✓ Development of staff skills through proactive rather than reactive improvement actions

*I can honestly say this has been
the most enjoyable, informative
training I can remember receiving*

Operational Excellence Senior
Manager, Carillion plc

How we do this

Whenever possible, we will focus on your prioritised live issues, share good practice from other successful organisations and equip your people with practical and effective tools that can be used time and time again.

- ✓ Approaches are tailored to meet your needs (depth, pace, infrastructure)
- ✓ Prioritised 'live' projects drive training, coaching and implementation
- ✓ We help users of statistical software (a little or a lot)
- ✓ We offer a range of Certification approaches
- ✓ We make it enjoyable and engaging

Outcomes

Outcomes are the fundamental evidence of whether improvement actions have succeeded. Our approaches enable you to put in place simple and effective measures to monitor consistently the results you are achieving.

- ✓ Quantified improvements to processes
- ✓ An extensive and lasting toolkit
- ✓ The knowledge and confidence to use the tools
- ✓ Yellow, Green or Black Belt Certification
- ✓ Less waste, increased efficiency, and higher returns on investment

This training course is one of the best I have been on, the content is really relevant and easy to follow, the materials provided are also really helpful.
