

Best Practice Club Event

For the East Midlands

Donington Court

Pegasus Business Park, East Midlands, DE74 2UZ

Tuesday 6th March 2018

Constructing Excellence (CE) and its Midlands Partner, the Built Environment Hub (BEH) would like to invite you to the Best Practice Club Event in the East Midlands.

This is a **free** breakfast event, which will take place at **Donington Court, Pegasus Business Park, East Midlands, DE74 2UZ** on **Tuesday 6th March 2018**.

“Improving process efficiencies and reporting through the use of Collaborative Platforms”

Presentation by Nicola Thompson, Pick Everard.

Nicola is a Fellow of the Chartered Quality Institute and is a Chartered Quality Professional. She also has a doctorate in Lean Construction. Nicola has over 25 years’ experience in developing business processes, rationalising and streamlining working practices, developing and delivering change management programmes and configuring and developing products to help drive improvement. Nicola will host a presentation on using Collaborative Platforms and how our Collaborative Platform has increased productivity and reporting for all Stakeholders, our Supply Chain and other Interested Parties.

“The importance and impact of Social Value and how Investors in the Community can help”

Presentation by Phil Webb, Investors in the Community.

Investors in the Community have created an innovative market shift in the way both organisations and individuals give to our communities. Giving can be in the form of skilled volunteering, general volunteering, donations, fundraising events or even gifts in kind – which all earn our unique and trademarked currency called Community Credits™, the only standard impact measurement that works for everyone in society.
