

## Best Practice Club Event

### For the East Midlands

## Donington Court

Pegasus Business Park, East Midlands, DE74 2UZ

**Tuesday 02<sup>nd</sup> February 2016**

Constructing Excellence (CE) and its Midlands Partner, the Built Environment Hub (BEH) would like to invite you to the **Best Practice Club Event** in the East Midlands.

This is a **free** breakfast event, which will take place at **Donington Court, Pegasus Business Park, East Midlands, DE74 2UZ** on **Tuesday 02<sup>nd</sup> February 2016**.

#### Guest Speakers at the event:

**James Hastings**, Head of Construction Futures, Experian Limited. James in his role as a researcher will present the projected growth of the construction sector within the region and how this will impact on the whole of the supply chain. James has specialised in research and analysis of the construction industry for the past 24 years, both at the National Economic Development Office and as a founder member of Construction Forecasting and Research, with whom he has filled a number of roles over the years. He is now head of construction futures in Experian's Economics Unit and currently sits on the Department for Business, Innovation and Skills' Consultative Committee on Construction Industry Statistics.

**Judy Hart**, Head of Business Development, Investors in Excellence (IiE) will be guest speaking on 'Building Operational High Performance' in organisations. Working in partnership with you, Judy will share the best practices that IiE have gained over the last 19 years through working with a whole host of large, medium and small organisations in the private and public sectors, and across a wide range of industries and sectors, both in the UK and internationally. IiE have learned what works and we want to share our knowledge with you.
